SPECIAL TOWN MEETING

January 15, 1974

To act on the following question: "Shall the Town adopt the provisions of RSA 36-C entitled 'Emergency Temporary Zoning and Planning Ordinance'?" To hear and transact any other business that may legally come before said meeting.

(From Warrant posted by Selectmen of Webster)

SPECIAL TOWN MEETING**January 15, 1974**

Meeting opened at 7:00 P.M. with Moderator Robert Roby reading the warrant. Daniel Graham, of Nashua, president of Motor Recreation Corporation, explained plans to turn a large area on Little Hill (now the Leonard and Davis & Symonds properties) into a recreation park, with trails for motor bikes and snowmobiles, catering to families, especially; seasonal rental planned. No permanent-type residences are wanted. Campsites are to be provided for rental, days, weeks or seasons. A restaurant, tavern, recreation hall and first aid station are planned.

MRC is a corporation based in Delaware, registered in New Hampshire with stockholders in the Nashua area. 315,000 shares of stock out of 500,000 available, have been sold.

Randolph Inman, Chairman of the Planning Board, remarked that once MRC is established and in operation, the town would have no control in the recreation area, as far as water pollution is concerned, etc. Mr. Graham stated that the Park would have a list of rules for those using the Park; police and fire protection would be provided by MRC and they would help the town with traffic control. Engineers have looked into the sanitary needs of the proposed area. Fishing and trapping would be possible but hunting is not feasible. Trails are to be kept natural, if possible and maintained and streams are to be bridged.

Subdivision of land, for house lots, would be the alternative if the zoning ordinance passes.

Duane Anderson requested the Selectmen and Planning Board members to be polled, for their opinions in this matter. Selectmen Paul Mock and Robert Pearson, Jr., and Loren Scribner of the Planning Board, were opposed to emergency zoning; David Batchelder and Randolph Inman, other Planning Board members were in favor of the zoning.

The ordinance for zoning will be in effect for the period including two annual town meetings and will make Webster a residential-agricultural district. Appeals may be made to a Board of Variance, for those considering establishing businesses, etc.

Selectmen Paul Mock and Robert Pearson, Jr., read the rules of the zoning ordinance, before the polls opened for a two hour period.

Zoning was approved by a vote of 109 Yes 65 No.

The Webster Public Library has several additional services this year of which you may be unaware. We have a sewing pattern exchange, a paperback book "swap table", a "books-for-sale" table, and a jig saw puzzle exchange.

We have subscribed to a number of magazines, which are now available to patrons of the library. These include Consumer Reports, Changing Times, Boy's Life, American Girl, Car and Driver, Family Health, Decorating and Craft Ideas, National Geographic, and Highlights for Children.

A Children's Story Hour for the First Graders is held on Wednesday mornings.

We have purchased approximately 130 books during 1973.

In addition to the library's regular hours of 12 to 3 p.m. and 7 to 9 p.m. on Wednesdays, it is now open from 9 to 12 noon on Saturdays.

The large amount apparently left in our treasury at the end of 1973 is rather misleading. We still have the librarian's expenses for the last three months to pay; books ordered in 1973 but for which we have not yet been billed; and the money appropriated by the Town for construction of additional shelves, which has not yet been spent. Also a typewriter is on order.

We thank Mrs. Sandra Starkey and Mrs. Rhonda Wilson for allowing their paintings to be displayed at the library. We invite anyone who would like to display a hobby, art or craft of any kind to contact us.

FIRE CHIEF'S REPORT

This started out to be a good year as far as fires were concerned. We had two or three brush and grass fires early in the year and then everything was quiet until January.

In January, Webster had one house fire, and two calls for mutual aid, one at Salisbury and one at Warner.

This mutual aid is a great help to the different fire companies. In our case if it had not been for mutual aid help we would have lost a lot more at the Glendon fire.

We have not got our new truck as of this date, but expect it any time.

We have had good turnouts to our drills and regular meetings this past year.

Our once a month club has bought a few things, and we will get more things after the new truck is delivered.

I will at this time thank each and every one who helped to make this a good year for the fire company.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between

9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

POLICE REPORT

In 1973 there was an increase of activities for the Webster Police Department in most areas except for motor vehicle accidents, which decreased sharply over the previous year. Crimes such as breaking and entering and burglary showed a definite increase.

The department joined the Merrimack County Dispatch System last summer and after we overcame a few minor difficulties, the system proved to be very helpful in the field of communications, providing the town with almost instant law enforcement from Webster as well as other police agencies. I am in hopes that we can continue with this service.

Last year we received from the crime commission a matching grant of \$1,000.00 which was useful in supplementing the payroll. We are trying to seek more funds from the commission to again supplement the payroll for 1974.

We are planning for more in-depth investigations on major crimes in the coming year, working with the Merrimack County Sheriff's Office, State Police and other surrounding town Police Departments, hoping to decrease the crime rate in Webster.

The Police Department is asking for an increase in the appropriation for the budget. This will be used for heavier patrols, investigations and salaries. This is much needed by the men that serve you.

Respectfully submitted,
Seldon E. Nason
Chief of Police

REPORT OF THE DUMP SITE COMMITTEE

Where do you locate a new sanitary landfill dump in the Town of Webster?

A few of the questions faced by this committee:

Acreeage—suitable for trenching and covering?

Drainage—near rivers, lakes or swamps?

Accessability—what has to be done relative to roads?

Existing Population—who is going to be offended living next to a dump?

Land Acquisition—If land suitable can be found, can it be bought?

Growth on Land—Is extensive land clearing needed?

Equipment—Something suitable for digging, compacting and covering.

Costs—Acquisition, operation and maintenance.

There are no easy answers to any of these questions. After a thorough discussion of an operational unit being set up in the Town of Webster, it was decided to talk with each of the surrounding towns.

Salisbury—Apparently not too much to offer each other.

Boscawen—Boscawen officials were interested to talk with the Webster committee and had started to do something on their own.

Their site being approximately 80 acres off the Corn Hill Road. Their tentative offer was one of a rental or lease basis. Final terms have not been received.

Warner—Warner was very much interested but hadn't started to do anything.

Hopkinton—Hopkinton was very much interested and raised the question of Hopkinton, Warner and Webster combining efforts in a study.

It is with the joint study of Hopkinton and Warner that this committee has spent much of its time. The prime location being an additional 80 acres of land bordering and continuing easterly from the existing Hopkinton dump. The northern boundary line being the Hopkinton-Webster town line. At present an option has been taken on this land. Some test borings have been taken and found suitable. It is a continuation of an existing dump so no problem is foreseen relative to public disapproval in the area. There is very little road work to be done due to existing roads in the area. Land was burned over a few years ago so growth clearing is a small problem. At present the study committee's of these three towns favor joint ownership of land with the costs being apportioned on a per capita basis. The operational procedure is still in discussion as to Town ownership of equipment or to hire the digging and covering by private contract. Tentative agreements for a governing body would be a separate unit with representatives from each town.

At present it is quite evident that Hopkinton is going to go ahead with this plan, even on their own. Warners' situation is not as affirmative at this time.

Legal advice was sought from our Town Counsel and he advised against a lease or rental basis and favored the establishment of ownership and equity in some other agreement.

Within the Town of Webster consideration was given to land located at Dingits Corner and to land located on Deer Meadow Road, Both of these sites seemed to be suitable but cannot be bought. There are very few possible dump sites in the Town of Webster.

COMMISSIONERS' REPORT

1973 was a year of administrative changes. Albert Ferreshetian resigned from the Board of Commissioners. We wish to express our appreciation for the many years of service and leadership that he gave to make Pillsbury Lake District a better community. James Pickering resigned as Municipal Superintendent—he had established a level of competence that will set a mark for his successors to measure up to. Also after many years of devoted service Kay Macomber and Geraldine Ferreshetian resigned. Again we wish to express our appreciation for their service.

The water survey conducted by Environmental Engineers continued. Water samples of the test borings on the peninsula indicate an unacceptable level iron and manganese. Recommendations for equipment to reduce the mineral content to an acceptable level will be made in the final report to be completed this year.

REPORT OF DISTRICT AUDITOR

I have examined the accounts of the Commissioners, Treasurer, and Clerk of the Pillsbury Lake District for the year 1973 and find them correctly cast and properly vouched.

Respectfully submitted,

Virginia Rugis
